Epithema

THESE RESULTS ARE IN ACCORD WITH THE FOLLOWING

*"Knowledge is in every country the chief
basis of public happiness."*

(First Annual Message to Congress,
January 8, 1790)

Take to keep alive in your breast that little spark of celestial fire called conscience.

I do acknowledge the United States in America to be free, independent and sovereign states, and declare that the people thereof owe no allegiance or obedience to George the Third, King of Great Brit

"Now, therefore I do recommend and assign Thursday, the 24th day of November next to be devoted by the People of these States, to Fasting, Mourning, and Prayer, for the consideration of the calamities and troubles now befalling our country, and for the humbling of our hearts before the Lord our God."

Dedication

She is, undoubtedly, a very accomplished lady in many ways. This past year she has given us her loyalty, dedication, time, and wisdom. If you have a problem she is there to listen. To know her is to love and respect her both as a friend and a teacher. We, the Senior Class of North Lamar High School, are proud to dedicate the 1975-76 Yacht to Miss Ruth Milford.

1. She is always willing to take time to help her students. 2. Miss Milford is all wrapped in preparing for Homecoming. 3. She leads the Senior Class through the wonders of English. 4. With her coke a day, she teaches "Mama Milford's Magic Method" of Latin.

Most People complain about yearbook staff members but they never realize all the work we put in. We are not a club that tries to earn money but which tries to capture memories and that is a lot harder to do than most people think. They never see the sleepless nights or the days we get to school early to organize their yearbook.

It took a lot of work this year because we used many new ideas and I hope as you look through the following pages that you will thank the yearbook staff for all the hard work they put into their jobs.

My sincere affection goes out to the staff of the "1976 Yearbook" and God bless them all for all the years of their lives and may we also watch over each other for this school.

Thank you with
all my love,

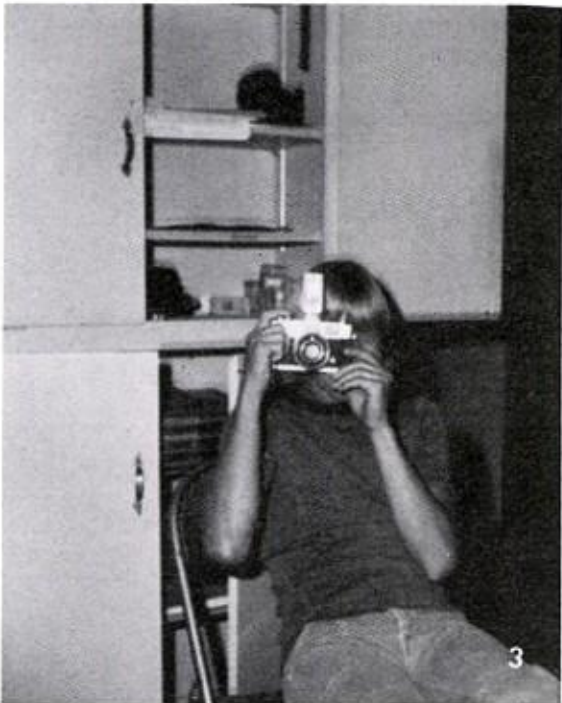

Editor

3. Is this really the future camera?
4. I think, that the background is more interesting than what is in the picture itself.

5. I don't believe it. Working and singing at the same time. IMPOSSIBLE.

6. Mr. Clayton really knows how to get his staff on the ball. Ha. 7. Kim and Cherie really think that they know something about Cameras. Just look at all of the attention.

Yeah, I'm a senior, so what about it?
So there's only two weeks left of
school, and then I'm out in the big
world. Can't wait until graduation
night . . . it's gonna be great. I'll
cruise up front, grab that diploma, say,
"thanks buddy," and run. S'pose I don't
know where I'm running to, though.
Before, all I did was follow the rest of
those darn rowdies. I knew I could
always find someone at a game, a party,
Champs, or chowing down at the
Sonic after school. But now it's gonna
be different. We're all going to take
off and try to make it on our own.
Listen to this joke - letting graduation,
get to him after twelve years of being,
a hard guy, Oh, geez . . . Yea, it's
time to make the scene in class . . .
guess I might even miss that when it's
over. Check ya later, buddy!
Thanks, see ya, bye.

It's graduation and it's unbelievable that I'm here. They'll call my name in a few minutes, and I'll walk up to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I was so familiar with. Now we'll all be going in different directions, and I wonder how long it will be before the memories that meant so much start to fade. After twelve years of this you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Maybe that's good though, because I really have changed in the three years that I've been here. Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. In a way, I guess everything's really just beginning.

junior high 76★

Our Junior High Yacht Members have helped us a lot during the past year. This they have done by drawing up the Junior High pages, getting names for the pages, (which is a full course job by itself) and by taking quite a few of the pictures needed to put our book together. Our only complaint against them is that they will not be able to be on the staff next year. However, we do sincerely hope that they will join the High School Yacht when they become Juniors. Our best wishes to right: Thomas McMonigle and left: James Carroll.

EXCERPTS FROM GEORGE WASHINGTON

*Knowledge is an empty concept, like talking
back of people's happiness.*
(This Annual Message to Congress)

Letter to Long with no real message, but
this quote of interest for cultural con-
text.

I do acknowledge the United States of America to be free, independent and sovereign state, and declare that the only lawful monarch of America is George the Third, King of Great Brit

There is nothing I do not understand, and I agree to make the 10th day of November next to be observed by the People of these States. And we shall then all unite in celebrating the day of our Independence.
